

Coconut Grove Village Council

Ambassador Program

In an effort to better reach every resident, neighborhood, association, business and religious organization, your Coconut Grove Village Council (CGVC) is launching an Ambassador Program to recruit individuals who can help us reach out and stay better connected with everyone throughout our village.

Each councilmember will be reaching out to recruit a minimum of 5 individuals to be designated as member of their ambassador group. The role of an ambassador will include the following:

- Reach out to your immediate neighborhood and make everyone aware of the CGVC, our purpose and our goals.
- Stay in direct contact with your designated council person and try to touch base weekly. You will serve as the eyes and ears of your immediate neighborhood and the voice of your neighbors.
- Collect names, addresses, phone numbers and email addresses to add to the CGVC contact list.
- Assist in promoting our meetings and events to get highest level of community involvement as possible.
- Attend our monthly meetings

If you are approached by one of us to become an ambassador, I hope you will agree to participate. The new CGVC is focused on addressing all the important issues affecting the quality of life of our village and taking action to make a difference. Our monthly meetings are all held in a “town hall” format to encourage productive discussion among residents, professionals and City officials and staff to focus on facts and create an action plan to get results.

We hope to see you at our next meeting on September 21, 2018 to be recognized as a new ambassador.

Regards,

Marcelo Fernandes
Chairman
